

# Premier Designs Jewelry Could Be For You!

It is as simple as...

1. 2.

## 2 things Premier does to help you with this business:

### 1. We have an outstanding Golden Guarantee!

This insures that you are selling an exceptional product backed up by Premier Designs.

### 2. We have the best Hostess Plan!

Premier's Hostess Plan keeps your business going! Women continuously book shows to get more jewelry for free!

Hostesses receive 30% free jewelry on all of their sales and the cost of this for you as the jeweler is only \$8!

Hostesses can also receive up to 4 \$25 Bonuses in free jewelry and the cost for you, as the jeweler, is only \$3 each!

So, no matter how much free jewelry a hostess receives, the most you pay is \$20!

## 2 ways to make money in this business:

### 1. You make 50% of everything you sell!

You earn 50 cents on the dollar when you work part time or full time showing the jewelry!

So a \$500 show means \$250 for a Jeweler!

You will be paid the night of your show so no waiting for a pay check!

You simply keep half of the money and send the other half to Premier for the jewelry!

You have cash flow in this business from day one!

### 2. You also have the opportunity to sponsor and make 10%!

You are paid by Premier when you share your gift of Premier with others and train them!

You earn 10 cents on every dollar that each of your Premier Family jewelers submit for the cost of jewelry...three levels deep!

So for a \$500 show, the jeweler earns \$250, and Premier pays the three upline jewelers \$25 each!

Because of this generous pay structure, you will always have three people that have a vested interest in your business!
