**OUR COMPANY IS GROWING!**  
**We love all types of Jewelry Stylists!**  
**Which one describes you?**

## **“FUN TIME ”**

You are a stylish customer who loves the idea of buying jewelry for personal use at 50% off and thinks having some casual sales with family and friends would be great for extra cash.

## **“SOME TIME ”:**

You are an entry-level entrepreneur who likes the idea of owning a small, home-based business, wants a low pressure opportunity and feels confident about collecting catalog orders and selling through social media.

## **“PART TIME” :**

You are a mid-level entrepreneur who needs a part-time income opportunity to meet small, but defined, goals for your home - i.e. daycare, housecleaning service, credit cards or vacation money. You understand that meeting these goals will be best accomplished by holding various events such as jewelry shows, vendor fairs, personal appointments and social selling. If desired, you sponsor new Stylists on your team, receive a monthly commission check and promote in leadership by holding just 3 events a month. Free vacations and bonuses are also an option at this level.

## **“FULL TIME” :**

You are a high-level entrepreneur who strives to meet all of the above levels with an increased commitment to holding 4-6 events a month and consistently sponsors new Stylists. You consistently grow your business, implementing new opportunities through unique marketing and sales techniques. You aim to reach new leadership levels and achieve regular “full-time income” commission checks. You expect to earn free vacations and bonuses.

## **“BIG TIME ” :**

You are a high-level visionary who recognizes the commitment of all of the above and loves the idea of building a large, thriving business that can provide long-term income for herself and/or her family. You appreciate the opportunity to provide ongoing training and mentoring of Stylists on your growing team. You look for opportunities to contribute to Premier Designs’ culture and encourage Stylists across the nation, both on and off your team. You are willing to work aggressively and consistently for six-figure income potential.

**50% PROFIT! NO MONTHLY QUOTAS! GO FOR IT!**

Having worked this business at all of these levels over 16 years, I am confident I can help you succeed at whatever level you choose! **WHY NOT GIVE US A TRY?**
