1. How much money do you make?

On average I come home with \$200 in my pocket—you can share the average show is \$400 and 50% if you want

2. How much time does it take?

It takes as much time as you want to spend. There are no quotas, no inventory, no weekly sales reports. NO PRESSURE FROM PREMIER!

3. Is it hard to get started/How to get started?

There are many ways to get started, it depends on how much jewelry one wants to buy. No money down.

4. How many shows a month do you do?

Your personal monthly goals. Explain to guest "YOU can do what works for YOU!"

5. Is all this jewelry yours?

Yes! You are playing in my jewelry box tonight! We have no inventory, and you've gotten some/a lot for free (retail jewelry certificates), etc.
